CREATING REPOSITORY IN IBM CLOUD:

UPLOAD IMAGE TO IBM CONTAINER REGISTRY:

The screenshot shows the IBM Cloud Container Registry interface. The left sidebar contains navigation links: Container Registry, Quick start, Namespaces (1), Repositories (1), Images (1), Trash (0), and Settings. The main content area is titled 'Repositories' and features a 'Location' dropdown set to 'Global'. Below this is a search bar and a 'Create' button. A table lists the repositories:

<input type="checkbox"/>	Name	Image count	Namespace	Last updated
<input type="checkbox"/>	 ibmproj icr.io/myproj/ibmproj	1	myproj	4 days ago

At the bottom of the table, there is a pagination bar showing 'Items per page: 25', '1-1 of 1 item', and '1 of 1 page'.
